99,00 €
VAT excluded

Course code	Minimum duration	Final pass score	Dossier issue
SUST_MGR_LA	90 min	70%	28/11/2026

1. Course identity, purpose and scope

The "Sustainability Manager – Training Course" offers focused and up-to-date education for professionals aiming to take a leading role in corporate sustainability management. Delivered in an intensive 90-minute session, participants will gain knowledge of key European regulations such as CSRD, ESRS, and CSDDD, alongside international standards including GRI, IFRS S1/S2, and ISO 14001:2015, ISO 26000:2010, and ISO 20400:2017 related to sustainable procurement. The curriculum covers essential topics like KPI and target setting, double materiality assessment, stakeholder engagement, and developing an effective sustainability roadmap. The course provides practical tools and current methodologies designed to help organizations comply with regulatory demands and meet social and environmental responsibility goals. A final exam assesses participant learning, requiring a 70% pass rate to successfully complete the course and receive a certificate upon payment of the certification fee.

This extended technical dossier describes the pathway as published in CIWZ Academy on the issue date. It consolidates purpose, references, learning architecture, module contents, assessment system, passing criteria and certificate conditions. It does not replace the official texts of the standards, laws, guidelines or schemes referenced.

2. Normative, regulatory and technical references

CSRD (Directive EU 2022/2464) + ESRS (Delegated Regulation EU 2023/2772) + CSDDD (Directive EU 2024/1760) + GRI Standards + IFRS S1/S2 (ISSB) + ISO 14001:2015 + ISO 26000:2010 + ISO 20400:2017 (sustainable procurement) + KPI/targets setup, double materiality, stakeholder engagement and sustainability roadmap

References are used as the learning and assessment framework within the limits of published content and available sources. For professional application, the official and current versions of the referenced documents always prevail.

3. Learning architecture and assessment system

- minimum tracked time: 90 min

- final exam: 30 questions selected from the bank
- passing threshold: 70%
- Direct access to the final assessment under the published rules for the exam-only pathway.
- Exam assembly from the active course bank and scoring against the published pass threshold.
- Recording of the result and, where applicable, request for the final certificate.

4. Official catalogue technical information

Learning Objectives

- Provide updated knowledge on EU and international sustainability standards and regulations.
- Demonstrate integration of sustainability into corporate strategy through KPIs, targets, and sustainability planning.
- Develop skills in stakeholder engagement and double materiality assessment.

Skills Acquired

- Understanding CSRD, CSDDD directives, and ESRS regulations.
- Ability to apply GRI, IFRS S1/S2 standards and ISO norms for sustainability and procurement.
- Design and monitoring of sustainable performance indicators.

Target Audience

- Managers, consultants, professionals interested in corporate sustainability management.
- Professionals in compliance, HR, supply chain, and CSR fields.

Prerequisites

- Basic knowledge of business management and sustainability.

Curriculum

- Regulatory framework and reference standards
- KPIs, targets, and double materiality
- Stakeholder engagement
- Sustainability roadmap and best practices

Teaching Methodology

- Lectures with practical examples
- Digital materials and case studies

Assessment Method

- Final multiple-choice test with a 70% passing score

Duration

- 90 minutes

Certification

- Certificate of attendance upon successful completion (certification fee applies)

Expected Outcomes

- Effective application of tools and principles for corporate sustainable management

7. Assessment system, final exam and passing criteria

- The final assessment consists of 30 questions selected from the active course bank. The platform applies an anti-repetition logic for new attempts when the bank size allows it.
- Published passing threshold for the course: 70%.
- Questions are intended to assess not only recall but also interpretation, application, evidence selection, scenario assessment and quality of decision-making, depending on the subject matter.

8. Tracking, learning continuity and session integrity

- Path status, completed modules and recorded time are managed server-side when the course uses the Academy learning mode.
- The platform allows the pathway to resume from the recorded point and retains the results of required checks.
- Assessment sessions may be subject to the integrity and proctoring controls enabled by the platform and described in the applicable usage rules.
- Technical and integrity events support assessment and do not replace professional judgement where human review is required.

9. Certificate, use and limitations

The CIWZ certificate, where provided by the pathway and requested after passing, records the result achieved in the stated CIWZ pathway or assessment. It does not automatically replace personnel certification, professional registration, statutory licence, legal qualification or credentials issued by third-party bodies where such requirements are imposed by the applicable scheme.

10. Commercial and tax conditions

- Price / certificate issuance: 99,00 € VAT excluded.
- UAE VAT is applied to UAE customers according to billing data and the applicable tax rules.
- Any specific commercial terms, agreements or corporate orders override the public price only when formally accepted by Certificato IWZ FZCO.

11. Dossier document control

- Document automatically generated by CIWZ Academy from the course data published at the time of the request.
- Course code: SUST_MGR_LA
- Document language: EN
- Generation date: 28/11/2026

- For normative and professional application, the current official sources and any applicable procedures/schemes prevail.
