1. Course identity, purpose and scope

The course "Integrated QHSE Lead Auditor (ISO 9001 + ISO 14001 + ISO 45001)" is designed to train professionals specialized in conducting integrated audits within quality, environmental, and occupational health and safety management systems. This integrated approach enables effective and coherent assessment of organizational processes' compliance with ISO 9001:2015 (quality), ISO 14001:2015 (environment), and ISO 45001:2018 (occupational health and safety) standards. The training covers audit methodologies based on ISO 19011:2018, focusing on evidence collection, risk analysis, and evaluation of compliance obligations. The course targets professionals seeking comprehensive skills to perform integrated audits, taking on auditor or lead auditor roles across various sectors. Through practical exercises, case studies, and targeted evaluation questions, participants develop the capacity to plan, execute, and report integrated audits, supporting continuous improvement of QHSE systems. Passing the final assessment ensures solid preparation for managing complex audits and ensuring adherence to international standards and regulatory requirements.

This extended technical dossier describes the pathway as published in CIWZ Academy on the issue date. It consolidates purpose, references, learning architecture, module contents, assessment system, passing criteria and certificate conditions. It does not replace the official texts of the standards, laws, guidelines or schemes referenced.

2. Normative, regulatory and technical references

ISO 9001:2015; ISO 14001:2015; ISO 45001:2018; ISO 19011:2018

References are used as the learning and assessment framework within the limits of published content and available sources. For professional application, the official and current versions of the referenced documents always prevail.

3. Learning architecture and assessment system

- minimum tracked time: 60 min

- active final-exam bank: 200 questions
- final exam: 30 questions selected from the bank
- passing threshold: 70%

- Direct access to the final assessment under the published rules for the exam-only pathway.
- Exam assembly from the active course bank and scoring against the published pass threshold.
- Recording of the result and, where applicable, request for the final certificate.

4. Official catalogue technical information

Learning Objectives

- Train integrated auditors and lead auditors for QHSE systems per ISO 9001, ISO 14001, and ISO 45001
- Understand relevant standards and audit techniques per ISO 19011
- Develop skills for compliance and legal obligations assessment

Skills Acquired

- Planning and conducting integrated audits
- Identification and analysis of QHSE risks
- Evidence gathering and audit evaluation
- Preparing coherent and complete audit reports

Target Audience

- Internal and external auditors
- Quality, environmental, and safety management system managers
- Compliance and risk management professionals

Prerequisites

- Basic knowledge of ISO 9001, 14001, and 45001
- Prior experience in auditing or QHSE systems recommended

Course Content

- Introduction to integrated QHSE systems
- ISO 19011: principles and guidelines for auditing
- Specific analysis of ISO 9001, 14001, and 45001
- Methodologies and techniques for integrated audits
- Practical exercises and simulations
- Evaluation of compliance obligations and risks

Teaching Methodology

- Lectures

- Case studies and real-world examples
- Individual and group practical exercises
- Intermediate learning assessments

Assessment Method

- Final multiple-choice test (passing score: 70%)

Duration

- 60 minutes

Certification

(Note: certification does not include external accreditation; certificate fee of €99.00 applies)

- Certificate of completion for Integrated QHSE Auditor/Lead Auditor course

Expected Outcomes

- Ability to conduct effective integrated QHSE audits
- Competence in identifying nonconformities and risks
- Skills to support continuous improvement processes

7. Assessment system, final exam and passing criteria

- The final assessment consists of 30 questions selected from the active course bank. The platform applies an anti-repetition logic for new attempts when the bank size allows it.
- Final question-bank size detected at generation time: 200 active questions.
- Published passing threshold for the course: 70%.
- Questions are intended to assess not only recall but also interpretation, application, evidence selection, scenario assessment and quality of decision-making, depending on the subject matter.

8. Tracking, learning continuity and session integrity

- Path status, completed modules and recorded time are managed server-side when the course uses the Academy learning mode.
- The platform allows the pathway to resume from the recorded point and retains the results of required checks.
- Assessment sessions may be subject to the integrity and proctoring controls enabled by the platform and described in the applicable usage rules.
- Technical and integrity events support assessment and do not replace professional judgement where human review is required.

9. Certificate, use and limitations

The CIWZ certificate, where provided by the pathway and requested after passing, records the result achieved in the stated CIWZ pathway or assessment. It does not automatically replace personnel certification, professional registration, statutory licence, legal qualification or credentials issued by third-party bodies where such requirements are imposed by the applicable scheme.

10. Commercial and tax conditions

- Price / certificate issuance: 99,00 € VAT excluded.
- UAE VAT is applied to UAE customers according to billing data and the applicable tax rules.
- Any specific commercial terms, agreements or corporate orders override the public price only when formally accepted by Certificato IWZ FZCO.

11. Dossier document control

- Document automatically generated by CIWZ Academy from the course data published at the time of the request.
- Course code: QHSE_INTEGRATED_LA
- Document language: EN

- Generation date: 28/11/2026
- For normative and professional application, the current official sources and any applicable procedures/schemes prevail.
